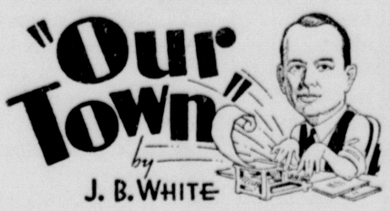
AXIS OK SOVIET BALKAN THRUST



FRANCE HAD A NEW DEAL TOO

We borrow this from Dorothy Thompson today. It needs to be said. Only reality can rock the shame out of us. Yes, France had a new deal too, a Fifth Column in Congress and if you please 125 members of the Chamber of Deputies who were communists.

Read what Miss Thompson has to say:

So there stands France today—France, the birthplace of democracy; France, home of the sweetest and most humane of civilizations—her face smeared with blood, her hands empty of weapons, with the black hooked cross flying over the city of light.

People are responsible for this. So thinks the common man in France. The last spurt of energy, the last gasp of fury is directed inward, not outward. Hatred burns in the wounded and defeated heart. Somebody is to blame for this! Find the culprits.

The culprits, they think, are everything. The Industrialist grinds his teeth and remembers the French New Deal. While Germany was working her factories morning, noon and night, shift after shift, every worker catalogued, every worker driven, 30 per cent of the total energies of the nation—energy units, not money units—working every moment, every year, for arms, arms, arms, the French trade unions were demanding shorter days, slower work, higher pay, a "more abundant life." Where is the abundant life now? Where is any life?

Tomorrow they will work for Germany, under the German rules.

AMERICAN LEGION POST LEASE SWIMMING POOL

Cameron's modern new swimming beach in Wilson-Ledbetter Park will be formally opened on July 10th it was announced Tuesday by the American Legion.

The city Tuesday concluded a lease with the Legion Post for the operation of the pool and park.

The Legion Post has sub-leased the park to Major Young, former cafe owner here.

When the park is opened on July 10th an elaborate program is planned, including a bathing beauty contest with prizes to winners.

Life guards will be at the pool at all times to insure safety and proper safeguard against accidents and fatalities. On Sunday the pool will be closed in the forenoon to open at 2:20 in the afternoon.

Santa Fe Spending Half Million for New Rails Here

For the past few months railroad construction on the Santa Fe tracks from Summerville to Cameron has been under way.

In order that a streamline train may be run on the tracks from Fort Worth a Galveston, 90 pound rails are being replaced by 112 pound rails, the approximate cost being one-half million dollars.

At present one hundred men are at work here and six different machines are in operation.

Several years ago the Santa Fe Railroad laid 110 pound rails a short distance west of the Cameron city limits, but when the depression came, work was stopped and the rails from Cameron to Summerville were never replaced. This is the work being done now and it will be completed when the men have reached these rails.

HERALD OUT EARLY FRIDAY

The Weekly Herald will not be issued until about 7 a. m. Friday. Due to concession of time to necessary interests and a large volume of work the publication is unavoidably delayed.

NATIONAL HALL PROGRAM ATTRACTS MANY TO CITY

CHECK HISTORY IS PRAISED IN ADDRESS

Celebration at National Hall on Wednesday attracted hundreds of visitors and afforded a good time for members and their families and guests.

Political speakings beginning at 3 p. m. climaxed a day in which candidates generally were given a free hand to politic and to solicit votes in the coming primary election.

Promptly at noon a committee with the co-operation of the women served a plate lunch for 25c which was one of the best menus of its kind yet enjoyed in this county. The hospitality of the occasion was typical of the Czech people who each two years stage one of Milam County's most impressive entertainment events.

Music for the day was furnished by Divi's band of Temple.

The speaking program was launched at 3 p. m. with J. B. White, editor and publisher of the Cameron Herald as master of ceremonies. For twenty

AGREEMENT OVER FLEET BROKEN SAYS CHURCHILL

Winston Churchill is a speech Tuesday to the House of Commons charged that France has broken faith with the British Empire.

Anticipating such an eventuality the French, said Churchill, had agreed that in the event of defeat by Germany the French fleet would be surrendered to British and become a part of the vast English sea power.

The speech by Churchill Tuesday indicated to many observers that the French fleet is soon to become the property of Germany.

Odolph Hitler has said he would not use the French fleet in war against England. Churchill brushed the statement aside and said Hitler's promises are worthless.

Under the terms of the surrender the Fleet of France, fourth largest in the world, become the property of the Germans to be docked in ports named by the Axis powers.

With the French fleet in his possession Hitler would have sea power almost equal to that of the British navy.

In the far east Japan had sent a fleet of warships to French Indo China. No one believes the Japs would long resist opportunity to seize the French possession.

The United States would be expected to protest although not able to do much beyond that.

German planes bombed Great Britain Tuesday, killing five civilians.

In England the press was given its freedom. There will be no restrictions on what may be printed, said Hore Belisha, in a speech Tuesday. One of the things that helped defeat France was censorship, he said.

The Petain government in Bordeaux began a study of peace proposals.

Hospital Brings $28,500; Is Sold to Dr. Eduard Rischar

The Cameron Hospital, Joint property of the late Dr. W. R. Newton and Dr. Eduard Rischar has been sold under court order to Dr. Rischar for $28,500.

H. M. Hefley, president of the First National Bank, is the receiver in the partition suit.

Suit was brought to partition the interests of the owners. The price paid was by bid and the highest submited.

Wallace & Wallace of Cameron are attorneys for the Newton interests and Judge Frank Wood of Franklin represented Dr. Rischar.

Miss Lillian Atkinson made a business trip to Caldwell Tuesday.

Flag Picture is Here for Two Days At Cameron Theatre

"The Flag Speaks," a patrotic technicolor picture which has the indorsement of the national organization of the American Legion, opens today, Thursday, June 27, at the Cameron Theatre.

It is a supplement to the regular program in which Lionel Barrymore and Lew Ayres are headliners in "Dr. Kildare's Strange Case."

"The Flag Speaks" has been received with wide acclaim throughout the United States and all citizens should see this picture.

All friends of the Legion as well as the general public are urged to go to the Cameron Theatre Thursday or Friday for this patriotic entertainment. The picture comes at a time when it is thought by both the Legion and those in authority that the American people should utilize this picture to increase their appreciation of the stars and stripes.

Three Hundred Fifty Attended Annual K C Picnic Here Sunday.

Knights of Columbus and their families enjoyed the annual barbecue and outing at Bear Hunter's Inn near Cameron, Sunday. Approximately 350 were present.

At 12 o'clock noon the barbecue was served. In the afternoon the program for which John C. Andres was master of ceremonies featured many interesting speakers: F. J. Kinane of Austin, Rev. T. F. O'Sullivan, Rev. George Duda, Dr. W. R. Newton and Fred Joseph of Taylor.

Following the program men, women and children took part in contests. Prizes were awarded to the winners.

Among the out of town guests were: Mr. and Mrs. J. C. Farmer of Waco, Fred Josephs and sister, Miss Frieda Josephs of Taylor, Mr. and Mrs. Joe Milberger of Waco, Mr. and Mrs. Fred Polansky of Fort Worth, F. J. Kinane of Austin, Rev. John Geiser of Tours, Rev. Joe O'Sullivan of Waco and Rev. Thomas O'Sullivan of Burlington.

John C. Andres introduced the new Grand Knight for the ensuing year, Rudolph Richter.

Congress Passes Bill By Poage to Deport Aliens for Activity

The Congress has just passed a Bill by Congressman Bob Poage for mandatory deportation of "any person who is a spy, or who engages in sabotage or espionage for any foreign government."

The bill also provides deportation of any alien who was convicted of a crime since January 1, 1930.

Congressman Poage said the bill is designed to check and blot out Fifth Column activities and is a much stronger measure than was possible a year ago.

America is in a rediculous position, said Poage. The country could not prior to the bill, deport aliens "who have actually become habitual criminals as well as aliens who are admitedly employed by foreign nations to destroy our very natinoal existence."

J. P. SPARKS HURT AT BUCKHOLTS SUNDAY

J. P. Sparks, candidate for Representative, was honored Sunday in Buckholts with a place on the speaking program, but despite that had a rough time.

He was struck by an automobile as he stood in the crowd and although not seriously hurt it was painful experience. He was carried some distance by the car but escaped its wheels. The accident was unavoidable.

FRENCH NAVY GOES TO BRITISH PORTS

France will accept the German armistice terms the Daily Herald learned in a broadcast from the forest at Compeigne, historic site of the Allied truimph in 1918.

According to a late flash which lacks only official confirmation, the French government has decided to make peace with Germany and Italy no matter how hard the terms may be or to what extent France may be relegated as a power.

Thus within a few weeks Adolph Hitler has become undisputed master of Europe able to make his every wish and whim factors of control on the continent.

Small nations in the Balkans are climbing on the German band wagno. Only Russia, Turkey, Greece, Sweeden and Finland remain outside the might of Germany.

Although nothing is yet known of the details of the terms of peace offered France by Germany, it is definitely certain that the French will never again become a first rate power. The French navy, second largest in Europe, was said to be putting into English ports and will not surrender to Germany.

The initiation for rebellion in the French navy against Adolph Hitler's demand for surrender, was said to have been taken by commanders of the ships now making for British ports and joining the mighty British armada to continue the war against Germany.

If these reports are officially confirmed it will mean that Hitler is to be cheated out of the rich prize of French naval strength.

If the report which reached the Daily Herald shortly afternoon on Saturday regarding French capitulation to Germany, is officially confirmed, it means the end of France and the complete victory of Germany against the Allies.

British determination to fight on is no doubt a firm resolution by the English government and her people, but only by the stretch of imagination can the world concede the British a chanse against the German war machine.

Hitler may not attack the British Isles. He does not have to run a risk of losing much of his manpower and equipment. He stands today master of Europe, Africa and a large part of the Asiatic continent.

It will however be necessary to eliminate the British to conclude the war and this may be done within a few months at the outside.

Hitler was said to have given the French an ultimatum to answer by 4 p. m. whether terms are accepted. He wants to be on with the slaughter of England.

Hitler under the terms of the armistice will succeed to the French nation, its resources and has demanded as condition of armistice that France be made a base for operations against England, that guarantees be given that France will by this capitulation become in fact an ally of the Reich in the war on England.

In the Italian capital there was no word. A report that Italian demands are included with those of Germany, was not confirmed.

The British continued air raids in Germany. Early Saturday Berlin suburbs felt the might of British bombs, some of them incendiary with fires being set in the city.

The Germans themselves said the air raids had been carried to Berlin and that large sections of interior Germany have been bombed within the past 48 hours with much damage and death to civilians.

The Germans are believed to have begun the battle of Britain with night and day air raids.

In Washington the Fifth Column in Congress aided and abeted by the madness of political turmoil incident to the Republicon convention, was desperately attacking the administration for its foreign policy. War for America was believed inevitable if the totalitarian powers are unchecked and if Hitler and Mussolini decided to take over French posessions in America.

Trent Newton of Bryan was a business visitor in Cameron Tuesday.

Theatre Prices Are Reduced; Owner Here Absorbs Burden

Reductions in the price of admission to the Cameron theatre and to the Milam Theatre were announced today by Stanley Swift.

Recent enactment by Congress of new tax bills to finance national defense is responsible for the announcement made by Mr. Swift. The new tax measure goes into effect July 1st.

In order to avoid passing the burden on to coustomers of the theatres Mr. Swift is absorbing a major part of the tax himself, adding the tax to only one admission which is the Saturday night enterance charge to the Cameron theatre.

Elsewhere in this issue will be found the schedule of new prices.

Mr. Swift has reduced the matinee price 20 per cent, absorbing the tax and relieving his patrons of these increased burdens.

To indicate how the new tax burden will operate the regular admission price to the Cameron Theatre for night shows is 35c. A tax of 4c when added to 35c would make a total of 39c. In order to avoid an increase in admission charge Mr. Swift has reduced the admission to 31c plus the tax of 4c making the admission the same as in times past.

Mr. Swift is congratulated on his customer consideration and the Daily Herald feels that the patrons of this fine theatre will greatly appreciate his actions.

The new schedule of prices are printed in convenient form today and should be clipped out and kept for further reference.

MRS. J. G. MOON DIES AT OAK HILL

Mrs. J. G. Moon, 81, pioneer citizen of Oak Hill community died Wednesday at her home.

She was the widow of the late J. G. Moon who preceded her in death in 1938.

Funeral services were held Thursday at the Forest Grove Christian Church with Rev. L. E. Strickland, pastor of the Baptist church at Rockdale, conducting the services.

Sharp Trustees Resign Others Are Named by Board

At a special call meeting of the Milam County board of education on Wednesday, three new trustees were appointed to fill vacancies due to the resignations in the Sharp school district.

Lonza Caffey, J. D. Pope and Bernice Charles were named by the board to fill the places of Val Nemec, B. D. Williams and Jim Bartlett, all of whom resigned. W. L. Spiegel, Charles Laffere, C. E. Bartlett and Ernest Backhause are the other members. O. D. Graham of Thorndale, chairman of the board presided over the meeting with all members present.

The new Sharp school building will be ready for the September school term.

John C. Martin is Elected to Scientific Society in New York

John C. Martin, Jr., of Cameron, who received the degree of master of mechanical engineering on Monday, June 17, at Rensselaer Polytechnic Institute, Troy, N. Y., has been honored by election to full membership in Rensselaer's chapter of Sigma Xi, national honorary scientific society.

Only those with unusual academic standing, and recognized as having talent and ability for scientific research are eligible for membership in Sigma Xi.

The Rensselaer chapter is the second oldest in the country. Martin is the son of J. C. Martin, 907 E. 15th Street.

Billie Cooper, Mae Scallon and Frank Ermis spent Tuesday in Galveston.

MONROE DOCTRINE FOR EAST, SYAS JAPAN

Soviet Russia today obtained possession of Besarabia without a fight when Rumania, capitulating to an ultimatum, agreed to surrender this former Russian territory.

Joseph Stalin, partner with Hitler and Mussolini to divide up the world, was reported in Moscow to have felt that the recent victory of Germany over France had crowded him out of the limelight for a few days and he has come to the fore with another land grab.

In addition to obtaining the entire provice of Besarabia the Russian dictator also obtained naval bases in the Black Sea.

The Grab of Besarabia was said to have been made with the consent of both Hitler and Mussolini.

Italy's threats to go to war with Russia for an invasion of the Balkans was nothing more nor less than a bluff and a falsehood uttered by the Rome end of the Axis powers.

There is little doubt now remaining in the minds of observers throughout the world that Hitler, Mussolini and Stalin are one and the same, working not only to re-make the world but to undo every form of government on the earth.

In Philadelphia on Tuesday night, former president Hoover made the amazing statement that the Republican party nominate a candidate friendly to Hitler. The former president based his statement on the view that if America names a president unfriendly to dictators, grave difficulties will ensue over adjustments following a Nazi victory. Republicans seem determined to nominate Hitler for president and Mussolini for vice president.

The status quo of the Balkans has been disturbed by Red Russia.

Turkey declared today she would not go to war on the side of England.

According to information reaching the Daily Herald the French fleet or at least the major part of its most powerful units have declined to surrender and have taken up the fight against Germany and Italy along side the British navy.

Germany was reported to have been massing large units of naval craft along the English channel opposite the British Isles, also large numbers of small vessels capable of transporting troops were reported massing off the Norwegian coast.

Much significance is attached to the announcement that Adolf Hitler may speak Friday in the city of Versailles on the anniversary of the signing of the now defunct peace treaty. There was speculation that he might offer peace to England on German terms.

In London the British government rejected in advance any peace offer from Hitler.

Japan announced today a Monroe Doctrine for the Far East. This was taken to indicate that Japan will not only take Ido-China but the East Indies and in the future may also absorb the Philipine Islands.

The United States government must either fight Japan or get out of the Far East.

There was speculation in Washington and general belief that the United States fleet was being greatly increased in the Far East and may not be concentrating off Panama Canal Cone as indicated in Press dispatches.

Dr. Pepper Team is Leading in Softball

The third week of the softball league was launched Monday night when the Dr. Pepper team defeated the Palace of Sweets, 9 to 4 and are leading the league.

The second game a 9 o'clock was played between the Coca Cola and Markham teams, the latter winning 9 to 3.

Tonight the first game will be played between the Knights of Columbus and Firemen, the second game originally scheduled to be played between the Knights of Pythias and Lions will be played by the Little's Ice House and Humble Oilers. The Lions and Knights of Pythias will play Tuesday night at 9 p. m.

Candidates Greeted By Maysfield Throng; Tempers Flare Up

Milam County's bi-ennial political circus, to some the greatest show on earth, got under way Friday night in Maysfield when more than a thousand people greeted the candidates in their maiden micraphonic oratory for the 1940 campaign.

John B. Henderson, Chairman of the Democratic Executive Committee was in fine fettle and staged a good show in record time, limiting the candidates to 5 minutes and thus accommodating the large number who presented their claims for suffrage.

Tempers mounted when Judd G. Davis, candidate for Tax Assessor and Collector challenged a statement made by the veteran, Bill Alex Bonds who imputed to Davis a claim that Bonds had laid away $40,000 in government bonds. Davis got satisfaction a minute later when Bonds altered his statement to the status of a rumor. Davis maintained he had made no such statement.

In his opening remarks Davis said he had been charged as being a rich man. This of course, he denied. "Neither I or my opponent are rich," he said, "and besides this would have no bearing whatever on qualifications for the office." Davis charged Bonds and his political helpers had widely circulated the claim Davis is rich. Bonds in reply said he maintains Davis is "well to-do." A moment later when Bonds charged Davis had said he, Bonds owned $40,000 in government bonds, Davis jumped up and challenged the statement. Both men walked to the edge of the crowd when Bonds had finished his talk.

Valter White, native son, candidate for Sheriff, got the best ovation of the evening by a crowd that was not given to demonstration. Valter is a strong candidate in his community with honors for the opening program of the campaign.

Wm. C. Wallace, candidate for Criminal Attorney pledged the people protection against raids on the treasury on delinquent tax contracts if he is elected. The law, he says fixes the duty on the District Attorney. "It will never be necessary to go outside your court house to get action on matters of this kind if I am elected and furthermore it will not cost the tax payers one penny to get their delinquent taxes collected."

Wallace said he would keep the office of District Attorney in the court house "where it belongs." He received his law degree from Harvard University and has been in practie for several years in Cameron.

Wallace refered to the contract made by the Commissioners Court last year for 20 months to pay 13 per cent on delinquent collections, a bonanza of some $15,000 or more.

There was a time

—when old fashioned heating methods blistered your face while your back shivered.

But now . . .

with natural gas service, winter can be just another pleasant, healthful season in the modern home.

A timely reminder

Make your plans now for winter heating ahead of the usual fall rush

Do you remember the old days? Old-fashioned methods of heating . . . children wore heavy underwear and long stockings in order to keep warm . . . members of the family "huddled" in one or two rooms during cold weather . . . mother went shivering about the house with a shawl around her shoulders . . . someone was always "catching cold"—Remember? There is a direct relationship between your family's health during winter months and the way you heat your home. Sudden changes of temperature during the treacherous months of cold weather are dangerous. If you follow the old-fashioned practice of "huddling" in one or two rooms while the rest of the house remains unheated — YOU ARE TAKING CHANCES WITH YOUR FAMILY'S HEALTH. Plan now to have adequate heat and healthful temperatures in every room in the home this winter. It's the modern way to fight the "common cold."

The cold germ is responsible for more than two hundred million illnesses each year. Don't give a "common cold" an even break!

FRENCH MAY FIGHT ON DESPITE ARMISTICE

The Battle of England will get under way immediately upon conclusion of armistice between France and Italy, it was announced authoritatively in Berlin Monday.

Confusion was paramount as uncertainties emerged from negotiations and Britain refused recognition further to the Petain government in France.

When France agreed to the armistice terms which included surrender of the French navy the British were at liberty to accept surrender or to seize the French vessels because under the terms of the armistice they became the property of Germany and Italy.

Whether the French navy has been taken over by British could not be verified but it was practically certain that the navy would not go in whole to Hitler.

British bombing planes were reported Monday to have bombed the city of Berlin again.

Orders to cease firing are expected to be issued within the next few hours.

In England preparations were going on for the siege.

Under the terms of the armistice Germany will occupy more than half of continental France and the bases on the French west coast will be available to Germany for operations against England.

Terms of the armistice between Italy and France are not known and will not be known until some hours elapsed. In the meanwhile there will be no war news.

The next phase of the war will be Germany's attack on England. When that time will come nobody but Adolph Hitler seems to know.

Possibility that French colonies in co-operation with the British are to fight on were strengthened by reports.

In some quaters newspapers indicated that peace is not an immediate prospect and the war may go on.

Changes Made in Eligibility for Civilian Corps

The following important changes in Eligibility Standards take effect immediately and will govern selection of men for the Civilian Conservation Corps henceforth.

1. Applicants who are unemployed and in need of employment, but whose family groups are not in need may be selected.

2. Enrollees chosen from the relief group will be given first choice. This group will consist of those already determined eligible or now applying for some form of relief or service. Allotments from this group will continue to be sent to the dependent.

3. All applications must be selected "on the basis of their ability to profit by and contribute to the work of the Corps." Character is still a most important qualification.

The Civilian Conservation Corps is a school of work and experience. Its camps are places where there is a chance to earn and learn; where health and strength are developed.

For seven years, the CCC has offered the way "to get on in life" which more than two million young men have tested and approved. It is not an experiment. It is a going concern.

All well qualified young men, between the age of 17 and 23 1-2 who are unemployed and in need of employment, are now eligible for enrolment in the Corps notwithstanding that their families are not in need of the allotment.

CELEBRATION

(Continued from page 1)

minutes he discussed the international outlook, devoting much of the time to a tribute to the Czech people and a history of the Czecho-Slavakian Democracy.

Subversive activities in the United States were dealt with in a frank way and the people were cautioned against voting for the present day prevalent type of polticical racketeer. Mr. White said, "We can lose our country by loose thinking. The fifth column may not always be and is not necessarily a military thrust. Only those who are true Americans should be entrusted with public responsibility."

The people appreciated the tribute paid to the spirit and patrotism of the Czech people. "We are brothers," said the editor, "in a bond of American unity."

The first speaker was Pierce Brooks, candidate for the Railroad Commission. Mr. Brooks has twice obtained a majority vote in Milam County for state office and was among friends.

Henry G. Lehman was introduced as the best liked public office holder ever to receive the indorsement of this county by one who is not a resident. He lives in Giddings. Mr. Lehman was widely cheered.

The next speaker was Hon. Kyle Vick of Waco, former county judge of McLennan county and a candidate for the State Senate. Mr. Vick promised full co-operation with the governor who ever he may be and all factions and members of the House and Senate for an immediate settlement of social security debt which he said is long overdue.

"And my good friends I will never ask you to send me $2 as some have done to get you on the pension role." Mr. Vick discussed taxes and advocated a reduction in advalorem taxes and proposes to equalize the burden by bringing other interests, notably natural resources under state levy. Mr. Vick has many friends among the Czech citizens and throughout the county.

O. H. Cross of Waco, former member of Congress scored the record of Congressman Poage in a 30 minute address devoted to his platform. Mr. Cross discussed the farm problem. He was loudly cheered for his remarks. An eloquent speaker he held the crowd throughout his address without interruption of attention.

A pleasing development came late in the speaking program when B. P. Matocha, former Secretary of State and former city attorney of Cameron, took the platform to speak for Harry Hines for governor. Mr. Matocha scored governor O'Daniel for his apathy and lack of interest in the common people of Texas. The governor was called a hypocrite of the first water, a tool of utilities and oil companies. Mr. Matocha praised the record of Harry Hines and predicted his election to the governorship. He was loudly applauded as he concluded the program for the afternoon.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually *gentle*, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

NAZIS LOSE BOMBERS IN NEW AIR RAIDS

The British war office announced Wednesday morning that troops of the English army had conducted a successful raid on the French coast occupied by the Germans, destroyed valuable military objectives and took prisoners.

Meanwhile air raids went on with the Germans sowing the coast with bombs, killing a number of civilians. The Nazis lost 5 bombers shot down in these raids on the English coast.

The damage done in German territory by British bombing planes was not disclosed.

The British Air Ministry announced that the country had reached a new peak in air plane production and claimed that "air mastery will soon be with us."

An important development of the day was the announcement that a pact to guarantee the status quo in the eastern Mediterranean had been signed by Turkey, Iraq and Syria. It is a mutual assistance pact.

Syria is under French Rule and Iraq is British. Near are the British

Mr. and Mrs. Ralph visited in Schulenberg Monday with friends.

Mrs. R. J. Griffin is announcing the marriage of her daughter, Miss Katherine Thach to Alfred A. Ondrej, son of Mrs. Joe J. Ondrej. The single ring ceremony occured at the Methodist parsonage in Hutto, on May 18, 1940, with Rev. E. W. Swearingen reading the marriage vows. The bride was beautifully dressed in a navy sheer dress with white accessories. They went to San Antonio for a short wedding trip and other points of interest. Mr. and Mrs. Ondrej are both graduates of Cameron Yoe High School and have many friends who will be glad to know of their marriage. They will make their home in Cameron

Oil field in Messopatamia.

The United States came into the war picture Wednesday when it was announced the army had been placed on a war fotting in the Canal zone and there was a reported concentration of United States Naval strength in the Central American waters.

Coast artillery was brought into battle position in the Canal zone and indications were the United States was guarding against an expected attack from source, probably Fifth Column forces in South America.

If the United States should enter the war there would be grave danger to the canal which is the American life line between the oceans. The first line of defense, the navy, was reported getting in position for any eventuality.

The Republican National Convention was battling away over its nomination problem. Division of sentiment was claimed in the Resolutions Committee when the Party sought to bring out a plank to suit the isolationist group. The leaders were certain that sentiment in America is isolationist. The plank will call for aid to the Allies and to all peoples figthing for Freedom.

The plank will declare for peace and non-intervention. So far the Government under Roosevelt has done nothing more than profer aid through Material shipments.

Until the battle of England begins there will be little or no news unless Red Russia should invade the Balkans and in that case risk a war with both Germany and Italy.

STRENGTH IN TIME OF NEED

Strength has always been the vital factor for safety in any situation of whatever nature.

There have been times in the history of this old bank when the storms of adversity beat about our people. A refuge was this bank. A refuge it will continue to be in the days to come when adversity again becomes the storm against which strength must and will prevail.

We like to think of the loyalties of our friends and customers who through these years have given us the inspiration to build a strong and friendly bank.

CHRISTIAN SCIENCE SERVICES

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 30.

The Golden Text is: "The prophecy came not in old time by the will of man: but holy men of God spake as they were moved by the Holy Ghost" (II Peter 1:21.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The kingdom of God cometh not with observation: Neither shall they say, Lo here! or lo there! for, behold, the kingdom of God is within you" (Luke 17:20, 21.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: This kingdom of God 'is within you,'—is within reach of man's consciousness here and the spiritual idea reveals it. In divine Science, man possesses this recognition of harmony consciously in proportion to his understanding of God" (page 576.)
